Re: Withdrawal as Limited Participant in D.T.E. Docket 03-100

Dear Ms. Cottrell:

I am writing in my role as limited participant in Docket 03-100. I have recently been asked by the interveners in Docket 03-100 (the Cape Light Compact and Massachusetts Energy Consumers Alliance) to provide expert witness testimony on their behalf in this docket. I have previously filed for and been granted status as limited participant as a private citizen in this docket, representing my own opinions as consumer and industry expert. I hereby withdraw from limited participation in this docket so as to assure there is no confusion between my individual participation and any representation in my expert analysis and testimony on behalf of the Compact and Mass Energy.

I would like, however, to reiterate that the written and sworn oral comments presented in the public comment phase of the docket are solely my own, as a member of the public, and I continue to stand by them as such. In offering such comments, I believe I have achieved my objectives in communicating my concerns to the Department, and need not preserve my opportunity to contribute further to the record on my own behalf.

Please feel free to call me with any questions, at 508-653-6737. Thank you for your consideration.

Yours truly,

Robert C. Grace  
President
